

General Services Administration (GSA) Capabilities Statement

Company Overview

Since 1984, Symbiote has provided space-saving, modular furniture to a large base of installations in the federal government.

Our designs transform spaces into healthier versions to achieve ergonomics and comfort. Symbiote has maintained trusted government relationships, including VA Hospitals; US Army, US Air Force and US Navy; the Central Intelligence Agency and Department of Defense. Our solutions range from R&D labs to the most technologically advanced command departments.

Symbiote goes beyond procurement planning with space analysis, mock-ups, product installation and custom engineered furniture. Our mission is to: "Do right things right."
